8 Re: Freedom of Information Act Request  
9

10 Dear Stephanie Kost:  
11

12 This is a request under the Freedom of Information Act.  
13

14 I hereby request the purpose, source and introductory date for the  
15 sub-audible signals which is anomalous to the audible range of the  
16 acoustic signal broadcast on commercial television, as can be observed  
17 through FFT spectrograms (Fourier analysis) of both regular programming  
18 as well as commercials, with wave signatures that are both regularly  
19 anomalous below the 100hz range as well as consistently anomalous when  
20 present below the 20hz range; as to whether or not these sub-audible  
21 frequencies produce a nervous system response without the public knowing  
22 and without the public's informed consent. In contrast, these sub-audible  
23 signals are not observed in public access television programming.  
24 Furthermore I request a statement whether or not these sub-audible  
25 frequencies have short and/or long term negative psychological effects  
26 with the associative imagery on both developing and developed minds with  
27 the public's consumption of commercial television where these sub-audible  
28 frequencies are present.  
29

30 In order to help determine my status to waive fees, you should know that:  
31

32 \* I am an individual seeking information for investigative use and is not  
33 for commercial use but is intended to be in the public health interest  
34 as well as this ought to be in the interest of the FCC whether such  
35 subliminal programming can have psychological health consequences on the  
36 public.  
37

38 If you have any questions regarding this request, please contact me at  
39 312-885-9865, by email at pagetelegram@gmail.com or by fax at 202-207-3736.  
40

41 I look forward to receiving your response within the twenty day statutory  
42 time period.  
43

44 Thank you for your consideration of this request.  
45

46  
47  
48  
49 Sincerely,  
50 Jason Page
